TO WHOM IT MAY CONCERN

When I spoke to an old friend of mine, who is an i.t. manager for a large company, about my problematic and out dated computer system, he referred me to Daniel, whom he had mentored.

Daniel Ryan, arrived timeously and acknowledged, my problem and suggested that he builds me a computer system, to suite my particular i.t. requirements, streamlined, for my type of business.

All the components were delivered and Daniel proceeded to build the system, as well as to transfer all the relevant critical data, from the old computer, onto the new mother board.

He communicated with sage pastel, as well as, roto label, in respect of the bartender system, which was fully installed.

Daniel followed through the procedure and I am extremely grateful, for all he did.

I have no hesitation to recommend Daniel, to respective future clients, for all their i.t. requirements, from small business, to large networks.

I wish Daniel Ryan, from Icarus i.t. solutions (Pty.) Ltd, the very best of luck for the future.

Best Regards

BASIL DAVIMES
